

Aged Care Mental Health ECHO

(ACMH) ECHO

FREE
EDUCATION

This community of practice has been established to invest in and support our aged care workforce to care for our most vulnerable members of our community. It is led by Dr Rajlaxmi Khopade, Consultant Old Age Psychiatrist, and Ms Kate Furlanetto, Aged Clinical Nurse Educator from APATT.

Zoom in and learn:

- Clinical case discussions
- Learn new approaches and skills
- Receive feedback and recommendations

Come along, pose a question and get advice!

What is Project ECHO®?

Extension of Community Healthcare Organisations (ECHO) is an “all teach, all learn” approach to knowledge sharing in rural and underserved communities, moving knowledge rather than people to achieve better health outcomes.

Hear from a guest speaker on the theme of the experience of ageing
