

# INSPIRE INCLUSION

INTERNATIONAL WOMEN'S DAY

TODAY, FRIDAY, MARCH 8 IS INTERNATIONAL WOMEN'S DAY

This week at Goulburn Valley Health we've been celebrating all the ways our staff are supportive of women's different needs.

Our activities for International Women's Day, (IWD) on Friday, March 8, focused on inspiring inclusion, and acknowledging that every woman is different and has different needs.

There are so many ways we support and care for the different needs women have as patients, consumers or as staff and we wanted to take some time to stop and acknowledge and celebrate this.

Our selfie frame activity provided a fun way for staff to engage with IWD.
