CREATE Outstanding

CREATE Outstanding encompasses foundation elements of the *Goulburn Valley Health Strategic Plan 2024-26* to link GV Health's purpose, values and our Culture of Care with fundamental organisational systems and processes. GV Health is striving to achieve CREATE Outstanding in every interaction with the people services are provided for as well as how staff work with each other.

ROLE STATEMENT:

The Enrolled Nurse (EN) in HARP DMT HARP Disease Management Team is that of team assistant. The EN will work as an active member of the multidisciplinary team which is inclusive of nursing, physiotherapy, team assistants, dietetics, occupational therapy and social work.

The Enrolled Nurse will function as part of the HARP Disease Management Team, working closely with other team members as well as clients and their family. The team assistant will provide home visits and group based service delivery on a weekly basis.

Main duties include assisting with exercise groups in the community, supervising home exercise programs, some administrative tasks, and other interventions that support clients to meet their goals.

The HARP Disease Management Team operates within the broader Health Independence Programs (HIP) which includes the hospital admission risk program (HARP), sub-acute ambulatory care services (SACS), post-acute care (PAC) and residential in-reach. The Health Independence Programs aim to facilitate improved health outcomes and enable a better client journey across the care continuum.

HARP DMT is responsible for improving client outcomes and reducing hospital readmissions for clients with chronic cardiac or respiratory conditions. The program is community based and has a strong focus on person centred care and provides intensive care coordination for the target population.

The position supports GV Health's clinical governance framework in the quality and safety domains of clinical effectiveness, risk management, effective workforce and consumer participation, ensuring optimal outcomes for patients, their carers and community.

KEY RESPONSIBILITIES, ACTIVITIES AND DUTIES:

This position is supported by the manager of the HARP Disease Management Team in the area of leadership, management and quality improvement. The EN will provide client centred service to clients and their families within the program.

The role includes but is not limited to;

- Supervision of home exercise programs which are developed by the physiotherapist, as well as the provision of other interventions that support clients in the community
- Reinforcement of self-management strategies pertaining specifically to both CHF and COPD
- Assistance with 'Happy Hearts' a centre based group exercise program for clients with CHF
- Working as an integral part of the team to maximize client functioning and their health status
- Providing clear information and feedback to the team regarding client's progress and outcomes of visits
- Some administrative tasks including maintaining the equipment register, and some equipment cleaning
- Provide a high quality service to internal customers and consumers that reflects best practice and adds value to GV Health
- Assist the organisation in achieving clinical effectiveness by providing the appropriate systems, information or services to clinical areas

- Ensure that referrals for EN are prioritised and seen within a timely manner
- Evaluate EN service delivery to ensure best practice
- Deliver EN services in line with established HARP-DMT program guidelines and processes
- Submit required data in a timely manner

1. Provide quality and safe clinical care for consumers

- Ensure consumers, families/representatives or carers are provided with timely information and are involved in decision making about their care planning and treatment
- Accept accountability for own actions and seek guidance when a situation exceeds experience and/or knowledge
- Uphold and protect consumer rights, maintain strict confidentiality and continually practice to the principles of open disclosure
- Comply with best practice healthcare standards, legislation, and GV Health's Clinical Governance Framework and clinical practice guidelines
- Consumer feedback and complaints are responded to appropriately to ensure that issues are resolved and quality and safe clinical care is provided
- Maintain accurate and current clinical records ensuring documentation meets professional and legal standards
- Promptly report vital consumer observations that are outside the normal range as per clinical guidelines
- Ensure an effective discharge from hospital or services that reflects the needs of the consumer.

2. Develop and maintain collaborative relationships with all disciplines

- Collaborate and communicate with all members of the health care team to achieve desired consumer outcomes
- Respect the decisions and actions of others
- Contribute to interdisciplinary team meetings and clinical education sessions to facilitate consumer care goals.

3. Support and participate in evidence-based programs to evaluate and improve the quality of consumer care and outcomes

- Maintain current knowledge of clinical practice
- Actively participate in identifying where improvements can be made to the quality of consumer care
- Participate in clinical audits, research, process redesign and accreditation against healthcare standards to ensure ongoing clinical practice improvement and the quality of consumer care.

4. Commit to ongoing professional development of self, other employees and the profession

- Maintain and demonstrate regulated clinical skills and competencies by undertaking professional development and completing mandatory training as defined by GV Health
- Undertake credentialing and review of scope of practice and work within these
- Improve performance by seeking feedback, setting goals and participating in annual performance reviews
- Support the development of others by acting as a resource to colleagues and participating in orientation and precepting of new employees and supervising students
- Provision of appropriate supervision to less experienced clinical employees
- Participate in committees and professional groups and disseminate relevant information to other health care professionals.
