

Position Description

Position Title:	Occupational Therapist
Reports to:	Program Manager – Rural Allied Health Team
Department:	Rural Allied Health Team
Directorate:	Community Care & Mental Health
Cost centre:	J5003
Code & classification:	Grade 1 (VE9 – VF3)
Employment conditions:	Allied Health Professionals (Victorian Public Health Sector) Single Interest Enterprise Agreement 2021 – 2026 and its successors, and GV Health Policies and Procedures (and as varied from time to time)

GV Health is an equal opportunity employer and continually strives to build a diverse, equitable and inclusive workforce that reflects our community. We encourage applications from people of all backgrounds.

Statements included in this position description are intended to reflect in general the duties and responsibilities of the position. It is not intended to be an exhaustive list of responsibilities, duties and skills required. GV Health may alter the duties of this position description if and when the need arises. Any such changes will be made in consultation with the affected employee(s).

POSITION SUMMARY

The Rural Allied Health Team (RAHT) operates from GV Health's CommunityHealth@GVHealth campus, 121-135 Corio Street, Shepparton.

RAHT services include Dietetics, Occupational Therapy, Physiotherapy, Podiatry, Social Work and Speech Pathology who are supported by an Intake Worker and Team Assistant (AHA/EN) positions. The RAHT provides services across the municipalities of the Greater Shepparton, the Shire of Moira, and the Shire of Strathbogie.

Services are primarily delivered under the Commonwealth Home Support Program (CHSP) and the State Home & Community Care Program for Younger People (HACC PYP).

The Occupational Therapist will function as a member of the interdisciplinary team and is responsible for the planning and implementation of high quality Occupational Therapy services to clients within the RAHT funding stream i.e. frail older people, people with a disability and their carers. A component of the role also involves working in a private practice model with clients who have a funding package (for example a Home Care Package or the National Disability Insurance Scheme NDIS) or are full fee paying working, within the allocated hours and resources available from within the client's funding package. This involves working closely with case managers, support co-ordinators and planners to ensure the provision of care meets the client's needs.

Occupational Therapy services to clients will be provided in home and group based settings and involves the provision of home safety and functional assessments, prescription of aids, equipment and home modifications, implementation of programs to support ADL retraining and independence, energy conservation and pressure care management. The role also involves developing client directed care plans with an episodic approach focusing on clients identified goals and priorities. There is an opportunity to work closely with home care agencies and other community programs to assist achieving the client's goals.

Services will be provided within the philosophy of the Victoria HACC PYP Active Service Model (ASM) and CHSP wellness, re-ablement and restorative frameworks. The frameworks aim to increase the effectiveness of services by maximising client independence through person centred and capacity building approaches to service

delivery. As an outcome of this model of care the capacity of clients to live independently and to participate in social and community activities is improved or maintained such that their need for recurrent CHSP/HACC PYP services is delayed or reduced.

The position will also assist in the development and implementation of service models and independence programs in line with the current Government aged and disability sector reforms such as the Support at Home program, National Disability Insurance Scheme (NDIS) and other areas of allied health service delivery.

The position amongst others is responsible for promoting GV Health as a quality regional health service provider.

RESPONSIBILITIES AND DUTIES

The following duties are inclusive of but not limited to

The Occupational Therapist will work within an interdisciplinary approach to:

- Deliver Occupational Therapy services in accordance with the CHSP, HACC PYP and NDIS program guidelines.
- Provide discipline specific input to integrated assessments and individual client programs.
- Participate in client directed care planning and goal setting.
- Support clinical intake functions, and undertake discipline specific clinical intake duties where required.
- Actively participate in the ongoing monitoring and review of RAHT Occupational Therapy referrals, assessment, care planning and evaluation processes and tools.
- Provide advice and guidance for community and other organisations regarding CHSP, HACC PYP and NDIS Occupational Therapy interventions.
- Represent the RAHT at organisational and regional meetings.
- Undertake quality improvement and service development activities.
- Participate in RAHT student placement programs.

1. Provide quality and safe clinical care for consumers

- Ensure consumers, families/representatives or carers are provided with timely information and are involved in decision making about their care planning and treatment.
- Undertake timely assessments, reviews, generation of reports and follow-up agreed goals of care planning, family meetings, case conferences and stakeholder meetings.
- Provide services to clients from an active service model/re-ablement approach, with a focus on self-management, informed decision making and empowerment.
- Accept accountability for own actions and seek guidance when a situation exceeds experience and/or knowledge.
- Uphold and protect consumer rights, maintain strict confidentiality and continually practice to the principles of open disclosure.
- Comply with best practice healthcare standards, legislation, and GV Health's Clinical Governance Framework and clinical practice guidelines.
- Consumer feedback and complaints are responded to appropriately to ensure that issues are resolved and quality and safe clinical care is provided.
- Maintain accurate and current clinical records ensuring documentation meets professional and legal standards.
- Promptly report vital consumer observations that are outside the normal range as per clinical guidelines.

- Ensure an effective discharge or transition between services that reflects the needs of the consumer.
 - Provide services which are accessible, responsive and support the needs of diverse communities and the identified CHSP/HACC PYP special needs groups.
- 2. Develop and maintain collaborative relationships with all disciplines.**
- Collaborate and communicate with all members of the health care team to achieve desired consumer outcomes.
 - Respect the decisions and actions of others.
 - Actively contribute to interdisciplinary team meetings to and clinical education sessions to facilitate consumer care goals.
- 3. Support and participate in evidence-based programs to evaluate and improve the quality of consumer care and outcomes**
- Maintain current knowledge of clinical practice.
 - Actively participate in identifying where improvements can be made to the quality of consumer care
 - Participate in clinical audits, research, process redesign and accreditation against healthcare standards to ensure ongoing clinical practice improvement and the quality of consumer care.
- 4. Commit to ongoing professional development of self, other employees and the profession**
- Maintain and demonstrate regulated clinical skills and competencies by undertaking professional development and completing mandatory training as defined by GV Health, RAHT, CHSP, HACC PYP and NDIS.
 - Undertake credentialing and review of scope of practice and work within these.
 - Improve performance through supervision, reflective practice and by seeking feedback, setting goals and participating in annual performance reviews.
 - Support the development of others by acting as a resource to colleagues and participating in orientation and precepting of new employees and supervising students.
 - Provision of appropriate supervision to less experienced clinical employees.
 - Participate in committees and professional groups and disseminate relevant information to other health care professionals.
 - Participate in service reviews, team meetings and planning sessions.
 - Participate in the planning, development and evaluation of the RAHT Occupational Therapy model.
