POSITION SUMMARY

This position is to provide high-quality pharmaceutical and clinical care by optimising pharmacotherapy to achieve safe patient outcomes for inpatient and community mental health clients. You will be professionally reporting to the Director of Pharmacy and operationally to the Nurse Unit Manager (NUM) of Wanyarra. The position will be working with a multidisciplinary mental health team, providing education and pharmaceutical oversight, mentoring and participating in pharmacy education programs

RESPONSIBILITIES AND DUTIES

The following duties are inclusive of but not limited to the following:

- Professionally lead the delivery of pharmacy services within the multidisciplinary mental health team, providing clinical pharmacy service and advice to health practitioners to deliver an effective medication service.
- Support the Wanyarra NUM in enhancing clinical pharmacy services through active participation in quality improvement initiatives and incident review.
- Ensure that a Medication Management Plan is completed for patients admitted to the Wanyarra Unit as soon as they are admitted and clinically stable enough to provide an accurate medication history.
- Support the Community Mental Health Pharmacist in delivering care to in-patient and outpatient clients as and when required
- Contribute to ongoing consumer education by participating in case conferences and “Coffee and Chat” sessions
- Provide high-quality clinical pharmacy and operational support services at GV Health
- Participate in the pharmacy department’s on-call roster and weekend work as required

- Engaging in and supporting evidence-based clinical work and ensuring smooth patient transitions through GV Health by liaising with relevant staff and community agencies to ensure continuity of care for patients and their families.
- Regularly monitor and manage drug usage to provide a cost-effective service that includes reviewing stock discrepancies, expiry date checks, and PBS claims to maximise revenue growth where appropriate.
- Assist the unit in safe dispensing of inpatient, outpatient and discharge medications.
- Review all medication orders for legibility, legality, therapeutic appropriateness and safety and initiate modifications where necessary by contacting the prescriber.
- Maintain an accurate and up-to-date patient drug profile and monitor the patient's ongoing drug therapy and inform medical and nursing staff of all errors relating to prescribing and administration of medications, and complete an incident report as appropriate.
- Participate in the pharmacy's professional development program. Participate in the organisation, development and/or delivery of department education programs for pharmacy students, pre-registrants or pharmacy technicians.
- Assist the Director, Deputy Director of Pharmacy and Senior Pharmacists in clinical audits as well as in the development and review of policies and procedures for the pharmacy department and Mental Health Unit.
- Assist the organisation in achieving clinical effectiveness by providing the appropriate systems, information and services to clinical areas.
- Participation in quality improvement audits and representing the discipline in relevant forums as required
