RECOGNISING OUR LONG-SERVING STAFF

Last week, GV Health held its Annual Staff Service Awards, recognising team members who have reached significant service milestones from 25 years to 45 years of dedication.

During the celebrations, many award recipients shared their personal reflections on the connections they've built with colleagues and the people they've cared for throughout the years as well as the difference their work makes to the people in our region.

A heartfelt congratulations to all our people celebrating a service milestone which includes people reaching 5, 10, 15, 20, 25, 30, 35, 40 and 45 years of service.

We sincerely appreciate all your hard work and the contributions you have made to GV Health and our community.
