Statements included in this position description are intended to reflect in general the duties and responsibilities of the position. It is not intended to be an exhaustive list of responsibilities, duties and skills required. GV Health may alter the duties of this position description if and when the need arises. Any such changes will be made in consultation with the affected employee(s).

POSITION SUMMARY

The Allied Health Clinical Educator is an organisation-wide role focused on supporting allied health professionals working in all settings and campuses across Goulburn Valley Health throughout all career stages. The role reports to the Allied Health Education & Research Unit Manager and is embedded within a multi-disciplinary educational and research unit.

The Allied Health Clinical Educator position is a key role in the organisation to continually develop the capability and competency of the allied health workforce to deliver high quality healthcare. This will support the attraction, recruitment and retention of a talented, collaborative and innovative workforce and also build capacity for career development within GV Health, including advanced practice roles. The position requires excellent communication and collaboration skills to work closely with key stakeholders including allied health educators, managers of allied health professionals, researchers and other key staff within GV Health.

In collaboration with key stakeholders, the Allied Health Clinical Educator will develop clinical education and programs for Allied Health staff and students that support consistency of professional practice and standards across the organisation. The Allied Health Clinical Educator will also contribute to undergraduate education, leadership development and other education initiatives offered by the Allied Health Education and Research Unit. The role will also support quality and innovation projects relevant to the educational and professional scope of the Allied Health Clinical Educator.

The Allied Health Clinical Educator will work collaboratively with the internal and external partners listed below as required to support specific education and training needs, contribute to meeting accreditation requirements, competency and capability frameworks, and quality assurance activities. This position, amongst others, is responsible for promoting GV Health as a quality regional health service provider

RESPONSIBILITIES AND DUTIES

The following duties are inclusive of but not limited to

- Foster the ongoing development of a positive learning culture for allied health professionals at GV Health, prioritising continuous professional development.
- Collaborate with other Allied Health Educators to plan, deliver, and evaluate the GV Health Allied Health Graduate, Transition, and Leadership programs.
- Assess the existing clinical knowledge, skills, and capabilities of allied health professionals at GV Health to identify learning needs and assist in developing, implementing, and delivering relevant organisational training plans.
- Partner with Managers and senior allied health professionals to deliver or support the delivery of clinical teaching and education within professional and educational scopes of practice.
- Coordinate and/or deliver training and education to health professionals and stakeholders within GV Health, in consultation with Managers and senior allied health professionals.
- Support quality improvement and research initiatives within the professional and educational scope of practice.
- Identify opportunities for supporting allied health staff in their learning and development through scholarships, grants, and higher education programs.
- Actively engage in service improvement initiatives as part of a continuous quality improvement process.
- Support the work of the Allied Health Education and Research Unit to support the attainment of required training for allied health professionals.
- Assist in the delivery of Required No Lift Training and other relevant HEART modules for allied health professionals at GV Health.
- Support the provision of a high quality service to internal customers and consumers that reflects best practice and adds value to GV Health
- Assist the organisation in achieving clinical effectiveness by providing the appropriate systems, information or services to clinical areas

KEY SELECTION CRITERIA

Formal Qualification(s) and Required Registration(s):

- Approved tertiary qualification in Exercise Physiology, Medical Imaging Technology, Occupational Therapy, Physiotherapy, Podiatry, Social Work or Speech Pathology,
- Current registration with the Australian Health Practitioner Regulation Agency (AHPRA) as required. For non-AHPRA registered disciplines, eligibility for full membership of relevant peak professional association must be demonstrated and maintained in accordance with GV Health credentialing procedures.

Essential:

- Significant relevant professional experience with demonstration of highly developed clinical leadership skills
- Demonstrated experience in a public health setting including the planning, delivery and evaluation of allied health clinical teaching and education programs
- Experience in the direct clinical supervision of professional entry level students and provision of clinical supervision and mentoring
- Previous experience in the provision of clinical supervision of staff and students.
- Demonstrated ability to work independently and prioritise and manage a diverse workload

Desirable:

- Educational Qualification e.g. Certificate IV in Training and Assessment/Graduate Certificate/Masters in Education or Health Professional education, or currently working towards one of these qualifications.
 - Skills and experience in workforce development including mentoring, individual and group supervision and reflective practice.
 - Demonstrated experience conducting research or engaging in other scholarly work
 - Information technology skills including the development of e-learning strategies.
-

KEY PERFORMANCE INDICATORS**Your performance will be measured through your successful:**

- Demonstration of GV Health values and behaviours, being a role model for living the values, Compassion, Respect, Excellence, Accountability, Teamwork and Ethical Behaviour;
 - Development and maintaining of collaborative relationships with all other teams and professionals;
 - Promoting and enabling of efficient teamwork and service provision both within the department and/or organisation and with other service providers;
 - Ability to contribute to a safe working environment and ensure compliance with legislative requirements concerning Occupational Health and Safety, anti-discrimination, and equal opportunity;
 - Support for the conduct and provision of allied health student placements.
 - Facilitation of opportunities for Allied Health staff to engage in training in clinical specialty areas, quality improvement, leadership and capability skills and other discipline specific education initiatives.
 - Collaboration with managers of allied health professionals to support identified education, training and student placement objectives.
 - Support for collaborative allied health educational initiatives by contributing to the identification, development and promotion of Allied Health showcases, regional training opportunities and presentations as requested by regional and state-wide educator networks.
 - Identification of scholarships and funding opportunities available for allied health professionals
 - Promotion of a supportive learning culture for the Allied Health workforce at GV Health.
 - Planning, facilitation and evaluation of education and training programs for allied health professionals and students including simulation based learning and use of e-learning modules
 - Contribution to ensuring quality, safety and risk plans and activities are implemented in accordance with the relevant frameworks and procedures
 - Maintenance of professional registration practice within scope
 - Participation in the Performance and Development review process]
-
