

Introduction to Research ECHO

FREE
EDUCATION

Introduction to Research is a program for health professionals who want to make an impact through research. Led by Dr Emma Macdonald and facilitated by the GV Health Allied Health Education and Research Unit, the program is designed to support health professionals in developing research skills in clinical settings.

Using real-time, interactive video, providers

- Learn new approaches and skills
- Participate in in-depth case consultation
- Receive feedback and recommendations

WHAT IS PROJECT ECHO?

Extension of community Healthcare Organisation (ECHO) is an “all teach, all learn” approach to knowledge sharing in rural and underserved communities, moving knowledge rather than people to achieve better health outcomes.

When: Online sessions held on Wednesdays, 12pm-1pm, via Zoom

Who: Any healthcare provider or welfare provider with an interest in research

Cost: Free | **Join Zoom:** [Click here to join the Zoom 115686](#) | **Contact:** lisa.pearson@gvhealth.org.au
